ELEC 539
Digital Image Processing
Assignment 0

Due: Wednesday 27 January 1999

Note: Homework, tests, and solutions from previous offerings of this course are off limits, under the honor code.

1. Form a study group of 3–4 members. With your group, discuss and synthesize the major *themes* of this week of lectures. Turn in a one page summary of your discussion. You need turn in only one summary, but include the names of all group members. Please do not write up just a "table of contents."

2. With your study group, cruise the WWW and find a webpage for an interesting image processing application. Write a short description relating why it is interesting and provide the URL.

3. Construct a WWW page (with picture) and email Justin (`jrom@rice.edu`) your name (as you want it to appear) and URL. If you need assistance in setting up your page or taking a picture (both are easy!), come see me.
